

# **CAFNIMA'S ACTIVITY REPORT SECOND QUARTER 2015**

## **PRESCHOOL IN LOMAS OF SANTA FAZ, ZONE 18 AND RAINER SANCHEZ INSTITUTE, ZONE 3 - GUATEMALA**

Written by Yousi Guzmán and Delfina Picón  
Revised by Dr. Roberto Zea  
Translated and by Raquel and Rosi Aponte

Guatemala, July 2015

## INTRODUCTION:

CAFNIMA with the support of Rainer Sanchez, has supported several educational activities at pre-school, secondary and middle school level in zone 18 as well as in zone 3 of Guatemala city.

This report describes the main activities that have been carried out during the period from April to June 2015, which highlight the medical care provided to high school students and special activities held with the children in the nursery.

We hope you can appreciate the pictures that have been added.

## PRESCHOOL IN LOMAS SANTA FAZ

The kindergarten has 38 children. (one of the girls had an accident at home and will return as soon as treatment is completed).

At the preschool level, topics related to the importance of family and public services have

been taught. This activity was carried out with the participation of parents. We also covered math

teaching numbers.

In the initial stage the central theme was "Transport" which included concepts of size, up, down, right, left, also geometric figures and colors. Motor activities were also developed such as running, jumping, body movements, also toilet training, dental care, dressing / undressing, among others, as can be observed in the photographs:

also, we have education every which includes the national anthem pledge of allegiance kindergarten student

taught civic Monday singing of and the by a or teacher .

SOSEP carried out a workshop on "Hygiene in the home". This training was led by Miss Rosy Telon. The training emphasized on nutrition.

children that excelled in the different activities

Rally for Peace, was the name given to the activity carried out with the soccer balls donated by another organization to the children in the nursery; medals elaborated by the caring mothers were granted to

Mothers Day was celebrated by who presented their mothers a

the children gift

made by them.

Father's Day was celebrated on June 17<sup>th</sup> as well. Children gave crafts and cards made by them to their dads.

At the Parents meeting the theme "how to nurture the heart of my son/dughter was carried out. this activity was carried out on May 29th.

INSITUTE,**

## MEDICAL ASSISTANCE

On the 9 -16 students of the Rainer Sanchez Institute were given medical assistance. The disease most commonly identified were: anemia, hepatitis. All cases are receiving treatment according to need.

Activities that included sports were carried out. As such a soccer tournament was celebrated. Other activities included Mother's Day.

Alumnos del Instituto Rayner Sánchez te invitan a ti Mamá por ser tu día a una actividad en honor a las madres no faltes:

Día: 09/05/15

Hora: 2:30pm

Para: \_\_\_\_\_

Pase para el refrigerio.

7ma Avenida 30-47 zona 3

For the improvement of the program identification cards were provided to the students.

He s

Evaluation to cover the second unit of studies were carried out May 18 – 21.

At the end of the period students went on an

excursion.

Students also participated at the Don Bosco Salesian School in a soccer tournament. This tournament includes students from the different private schools in the city, It was a highlight for our students to participate for the first time.

We have 40 students in the computers course.

Wee held talks on sexual education. Themes on abstinence, pregnancy etc. were included.

## HISTORIAS DE ALUMNOS

progress she has ma

### **Allison Esmeralda**

She is an 8th grade student, she enrolled in CAFNIMA in 2014, her mother says she has to pay for the school tuition of three other children.

The low costs of tuition in CAFNIMA gives Allison the opportunity to study as well. Her mother works in a factory. Allison says she is very happy to be studying in CAFNIMA, plus she is one of the most applied students and is President of her class.

**Germán Alejandro López**

He was a student of CAFNIMA, where he studied elementary, middle school and high school and graduated in 2013 with excellent grades.

In 2014 he enrolled at the University of San Carlos of Guatemala where he is currently in her fourth semester for a degree in Physical Education ECTAFIDE (School of Science and Technology of Physical Activity and Sports).

German is very grateful for the opportunity given to him by CAFNIMA. He now works as a PE teacher.

We are proud of German's achievements.

We are happy to report that for the school year of 2015 112 were enrolled and only two have dropped out. This we consider a real success. As for the computer course 40 students were enrolled and only two dropped out.
