REPORT OF THE RAINER SANCHEZ INSTITUTE

During the trimester (July, August and September)We carried out different activities such working with the health center who thought classes on sexuality which is an activity of major importance to avoid early pregnancies.

We carried standardized exam for all four major subjects; Mathematics, Communication, science, and social studies; students reached high scores which shows that they are taking advantage of the opportunity to complete their secondary education.

We are going to start a tutorial after school program for those students that are having trouble understanding a class or having trouble doing homework and working at home. That will be an extra hour. Our goal is to better prepare them to get into university.

During the month of July we also started computer classes; given this year by a teacher with a degree on this area. Also we continue with our high level classes in English Our institute store it's been running by our graduating class to create funds for their Seminario which is their work given by the Ministry of Education. Our class this year is working on pollution & environment and how to prevent it by recycling.

one of our students dress as the tooth rabbit for a day care activity.

In this third quarter of the year, the promotion and accompaniment of the CAFNIMA staff has borne fruit. This success is only possible due to the commitment and dedication of all the staff of CAFNIMA towards the development of these children, allows for a developmental atmosphere of affection, dedication, and understanding. These attitudes are reflected in the physical and mental developments present in our children. A fundamental part of good development is the balanced nutritional diet provided to each of our children.

The programs provided at CAFNIMA are amid at jump-starting the students in their education. Without this program, these families, are faced with three unacceptable options: First, Leave their young child locked in the home alone or with a slightly older sibling, Second, attempt to live from the daily pay of one parent, and finally, bring their child to the city dump with them and subject them to the highly dangerous environment of working at the dump for a daily wage. Gladly, your donations have allowed CAFNIMA to provide a more suitable solution for these families.

At Los Pinos Nursery, the children's day begins with a warm, receptive welcome from the caregiving mothers.

The children's day is filled with age appropriate activities to develop their fine motor skills, such as working with play-dough or clay to form geometrical shapes and animals etc. Activities with younger children, also focus on the development of their fine motor skills by teaching the difference of textures, colors, sizes, shapes, etc. For our older preschool children, ages 4 to 6, work is done using learning notebooks. They are taught numbers and letters. Additional fine motor skill development is developed through individualized drawings, paintings, figure formations, etc. Throughout the year, extra activities are celebrated. Children also get Vaccines and Deworming to promote a better state of health, and Oral Hygiene Day.

A second very positive result is a strong positive relationship between CAFNIMA and the local community. Throughout this past year CAFNIMA has assisted the local community of Los Pinos in negotiations between themselves and rightful landowner of Los Pinos. In the past several months, with the assistance of CAFNIMA, a legal deal has been accepted by the owner of the land for purchase of specific sections of land. This opportunity for the community of Los Pinos is only possible because each member of the household is now able to work Monday – Friday allowing 2 incomes for the home. The daycare provided by CAFNIMA gives them this ability.

The attached photographs depict our children in their daily enjoyment of sharing with others and interactive games taught by our caregivers. The nursery at Los Pinos is a free standing building. It currently has 40 active children overseen by 3 caregivers and 1 full time cook.
